

# **Vision Statement**

William Zhu

## **Editor of the IRSS Web Page**

My philosophy for this position is to serve for all members of IRSS and to promote IRSS in academic community.

If elected, I will update our current content of the website of IRSS. Up-to-date academic events of our IRSS are important for our website. For example, the honors our members got, the conferences related to our society, the talks our members will give, and the important people in rough set history.

If elected, I will use this platform to promote rough set research in graduate students, our future. Especially I will try to recruit more members from China and attract more papers for conferences by our society.

If elected, I will try to establish a good relationship with other related academic society by distributing information of them.
